PROSPECTUS

SESSION 2023-2024

*We want that education by which character is formed,
strength of mind is increased, the intellect is expanded,
and by which one can stand on one's own feet.*

“Swami Vivekananda”

Message from the Principal

As to climb over the trees ladder is necessary, as such, to uplift the nation, education is essential. With a view to the same vision and reason Barama College, Barama was established on 5th February 1971. It's an outcome of a group of people who would like to explore higher education among the rural students. However, to bring educational development in the society is the basic objective of establishing this college.

Imparting quality education is not a lone aim of this institution, but it would like to preserve unity among diversity. A huge number of students have already passed out from this institution since its inception.

So far as NEP 2020 is concerned, the Bodoland University like other universities prescribe the FYUGP (Four Year Undergraduate Programme) as its course structure with the mode of multi exit and multi entry and hence the nature of the college become multidisciplinary or interdisciplinary in regards to offering the subjects. The entry of the new curriculum may lay emphasis to the upcoming new generation in holistic development. Participation of guardians along with their children is very essential in the field of education as it has already emerged as the arena in its global character. Acquiring education, in present day scenario, is a challenge for the students, but ultimately it's a relentless challenge to the guardians. In order to fulfill the requisition as well as to provide all facilities, the college authority tried their level best in every respect. We all have to go through the NEP 2020 and make strong ourselves so that our skill can be established in the globe. Barama College offers - UG, PG, BCA Programs for all students and further, it has also Centre of KKHSOU for both UG and PG programs in distance mode.

We have PG in Bodo and also already applied for PG in Zoology and Geography. Introduction of Commerce in under graduate is also included in its master plan. 97 Bighas is the area of land of Barama College with green forest and beautiful natural sceneries with varieties of flowers like- Lilly, garlic vein, rose, kanchan, champa, hibiscus or china rose, nayantora, madhumaloti or rangun creeper as well as different orchids. The college has its girls' hostel with a capacity of 21, and the boys' hostel is under construction.

Expecting kind cooperation from all sorts of academicians, pressure groups, and agencies in making the college as an iconic institution of the region.

BARAMA COLLEGE: A BRIEF INTRODUCTION

An institution of higher learning was a long cherished dream of the people of greater Baksa area. The dream became reality on 5th Feb 1971, when Barama College was founded under the able leadership of Late Surendra Nath Das, the ex-MLA of 62 Barama (ST) LAC. It was affiliated to the university of Gauhati and was brought under Deficit-Grants-in-Aid System by the Govt. of Assam in 1978. Barama College (Science Stream), which was introduced in 1992, was provincialized by the Govt. of Assam w.e.f 1st January 2013 after its two decades of untiring endeavour. Now the college has 14 full fledged Departments imparting education in both Honours & Regular Courses at the Degree level. The college has been playing a leading role in the sphere of art, culture, science and the development of scientific temper. The college at present has raised one more step towards the educational and cultural prosperity of the greater area. The serene beauty and eco-friendly campus which extends over an area of more than 115 bighas with calm green surroundings is conducive to the pursuit of academic activities.

The college through the various teaching Departments and centre of studies in the campus imparts higher education in the various branches of learning in Arts, Science and Computer Science.

Barama College has full-fledged affiliated study cum examination centre of Institute of Distance and Open Learning (IDOL) under Gauhati University which offers admission to the PG courses in a number of subjects. Moreover, K K Handique State Open University has provided a study centre at Barama College that offers different courses at the HS(BPP), Under Graduate (UG) and Post Graduate (PG) level. Besides, Barama College has introduced a number of professional courses like Mushroom Cultivation Training, Tailoring, Small Scale Chemical Industry etc. with the objectives to make the students capable enough to stand independently in occupational life. At present a proposal is under consideration to start Solar Training Courses, Diploma in Beautification, different diploma and certificate courses of Computer Training, etc. in collaboration with KELTRON (A government of Kerala Undertaking). A host of dedicated teachers have worked continuously to bring the college to its present prestigious position.
